

Character Interactions

There are a set of group dynamics and a set of personal ones.

Group Dynamics

There are 2 groups in the nest:

Old Hands

- The Gruach
- Heave Awa
- King Rat
- (Rainbow)

Were around <before the rules> - know stuff about each other and the organisation that they keep to themselves. Are scarred by lots of people they knew being drilled. Hint of a clique about them. Feel protective of the new members.

The New Kids On The Block

- Heid The Ba
- Fur Coat, Nae Knickers
- Billy Big Baws
- Extra Billy

Came in <after the rules> - work in a different way. Conscious that things weren't always like this - sort of half see the Old Hands as a bit of boss class but also understand why things are as they are. Feel a bit patronised by them. Grumble a lot. Sort of 2 gangs of 2 in a gang of 4.

Personal Dynamics

Molly/George

Rat King	The Gruach	Heave Awa	Jamie McAllister
Pleased that RK solved her <problem> with Fife, but still not sure what exactly that problem was. Bit resentful that he used her cousin to get her to come, knowing that Sugarboy was already dead. Kind feels resentful that Sugarboy organised the pressure on her and can understand why RK did what he did. (But still resents it.)	So grateful to TG to welcoming her, looking after her and taking her under her wing. Feels a bit resentful about being made to do stuff.	Likes HA, can sense her pain and grief but unsure about the roots of it. Feels comfortable with her and thinks they could be great pals. Thinks HA is a bit clingy and uptight and wants MG to be The Climber a bit too much when she just wants to be pals. But also it feels a bit weird (until she kisses her, and oopsie!)	Can't stand the prick, but also feels ungrateful. JM puts a roof over her head, she gets fed, she likes the children, they live in a proper house with electricity and beds and not a basement in horror. Still can't stand him.

Heid the Ba	Fur Coat, Nae Knickers	Billy Big Baws	Extra Billy
Intrigued by HTB and FCNK. Envis HTB and FCNK their deep friendship but also doesn't think she can ever really be part of it. They live a life and have an attitude that she doesn't.		Just another guy who does stuff, no biggie.	Doesn't really get EB. Expects him to be hitting on her and doing that boy thing that she finds irritating, but he doesn't even though it kinda is his thing. Apart from that no biggie.

Rat King

Molly/George	The Gruach	Heave Awa	Jamie McAllister
RK feels guilty about deceiving MG. He finds her infuriating but also fancies her. He is conscious that that couldn't work, he is the nest leader she is critical to the mission success. He's worried she'll get drilled because she doesn't know how things work and the rules and worried he'd get blamed and the mission would fail and all that mixed up.	In theory RK is TG's boss, but in practice it doesn't feel like that. She is OG like him but even more so and has presence and authority and he is a bit intimidated by her and needs her approval. He feels he can ask for her advice.	HA was the boss of the nest but isn't any more and RK has stepped up. He knows he has to exert authority but also feels a bit judged by her and anxious for her approval.	RK thinks JM is a prick, an outsider and doesn't understand or respect OpSec.

Heid the Ba	Fur Coat, Nae Knickers	Billy Big Baws	Extra Billy
RK likes the girls but also worries about his authority over them. He is anxious about their safety and concerned that their levity in the nest will result in carelessness outside of it. He knows that as the boss man he has to keep his distance a little bit. He also would, you know, bang them, but alas...		RK thinks BBB is solid as a rock, total dependable, will do ask asked no complaining. Thinks they would be pals outside the Sentinels.	RK understands why EB is a bit of a pain, and is also a bit jealous and wishes he could be more of a laddoe and a bit less uptight about being the leader.

The Gruach

Molly/George	Rat King	Heave Awa	Jamie McAllister
TG feels responsible for MG. She also knows that MG is key to the success of everything. She can't risk her getting caught or killed. She didn't know about the deception, but even if she had it would have made no difference.	TG is supportive of RK, tries to help him do his job. But her being The Commander and having to keep that secret makes it difficult. She alone knows mostly everything and has to pretend she knows nothing.	TG loves HA and is worried for her. She knew her girlf <before the rules> and loved them as a couple and feels HA's grief. Tries to keep HA working and help her through it.	

Heid the Ba	Fur Coat, Nae Knickers	Billy Big Baws	Extra Billy
TG looks fondly on the girls as younger versions of herself, but worries about them (as with everyone) and envies their vivacity and esprit.		TG thinks BBB is a good egg, solid and dependable, reliable and can handle himself.	TG finds EB a bit exasperating, but thinks he's generally ok, just a bit of an oaf. Is pleasantly surprised when he reveals a slightly deeper more reflexive side of himself.

Heave Awa

Molly/George	Rat King	The Gruach	Jamie McAllister
Heave Awa feels protective about MG. She's too deep in grief to realise she fancies her. She doesn't want her to get killed.	HA is glad to have stepped back from running the team but also has to hold herself back from telling RK what to do. She wants to support him as the new leader.	HA is grateful for TG support and looking out for her and thinks of her as a benevolent auntie looking out for her brood.	

Heid the Ba	Fur Coat, Nae Knickers	Billy Big Baws	Extra Billy
HA likes the girls, but their levity makes her anxious. She thinks they are a bit flip in the presence of danger and worries that they will get themselves drilled by playing fast and loose. She takes their chatter about the rules and how they chafe under them a bit too seriously, not realising its just grumbling and high spirits. Feels like they are a gang she can never be a member of, even through they are ages with each other.		HA thinks BBB is a good man, salt of the earth, sound as a pound, a brick.	HA finds EB a bit of a prick, and slightly ignores him.

Jamie McAllister

Molly/George	Rat King	The Gruach	Heave Awa
Wants to shag MG. Doesn't understand why she won't give in. Wants her to be the mother to his kids as well as the housekeeper. Has that awful ambivalence between designing and disliking her. Seeks control and dominance.	Thinks he's a prick from the city who's trying to steal <his girl>.		

Heid the Ba	Fur Coat, Nae Knickers	Billy Big Baws	Extra Billy

Heid the Ba

Molly/George	Rat King	The Gruach	Heave Awa
Intrigued by MG, wants to know her story, why the OG are all being so protective of her. Figures she must be something to do with the mission. Knows she should just OpSec but is also too nosey to just take it as it is.	Likes RK, but also a bit irritated by him becuz The Boss. Thinks he's too serious and should lighten up a bit. Doesn't particularly fancy him, doesn't not.	Likes TG for being the big mum of the nest. Also dislikes TG when she is the big mum of the nest, but in a get-off-my-back and not a I-want-to-get-a-divorce-from-you way. Doesn't really understand the OG dynamics and how TG commands authority. But also just does what she's told by TG when she's told do.	Like HA, knows she's vulnerable but doesn't know why. Feels protective of her. HA isn't inner-circle like FCNK, but thinks of her a deffo outer-circle and a friend.

Jamie McAllister	Fur Coat, Nae Knickers	Billy Big Baws	Extra Billy
	Thick as thieves, bezzie mate, love-like-matching-tattoos	Thinks he's a solid comrade, good man in a trench, NBFM – not boyfriend material	A bit love-hate, players recognise game, another cheeky chap, but also yawnsville boysie nonsense.

Fur Coat, Nae Knickers

Molly/George	Rat King	The Gruach	Heave Awa
Straightforward feminine solidarity, sees MG is a bit out of her depth and in danger, wants to help her and thinks she could be a pal.	Got the old Boss/Pal thing going on, thinks RK's seriousness is all a bit situational and in a different world might be, you know, could maybe, after a couple of drinks...	Loves TG, thinks she's great, likes coming home to the nest and safety and food and security even if its shite. Understands why TG is like she is, even when she finds TG annoying and bossy and laying down the law.	Thinks of HA as a good pal, part of the gang, but not as special as HTB (obvs, c'mon)

Jamie McAllister	Heid the Ba	Billy Big Baws	Extra Billy
	Big love, HTB is the planet she orbits around. Soul mate, inspiration. Feels that HTB gave her permission to be the person she wants to be.	BBB is alright, you know, good to work with, does stuff, reliable. If it wasn't for being in the same nest tho...	Bit of an irritating prick.

Billy Big Baws

Molly/George	Rat King	The Gruach	Heave Awa
Bit bemused by MG. Takes it for granted that she has a special task doesn't know what it is. Kinda fancies her, but realised RK does. Feels protective of her in a boyish way.	Thinks RK is the man. Glad to be part of his team. Respects him as a leader. Would be pals with him even if there are no Sentinels.	Grateful to TG for providing whatever comfort she can for them all and looking out for everyone. Understands that she's OG and knows stuff, but not too bothered.	Figured out that HA is a bit vulnerable and wants to protect her. Hard to distinguish between <want to protect> and <be a man> for BBB tho

Jamie McAllister	Heid the Ba	Fur Coat, Nae Knickers	Extra Billy
	Bit scared of HTB. Thinks she's a bit intense and attractive but also knows they are not on the same plane.	Bit less scared of FCNK. Thinks she's attractive but also not girlfriend material. Gets on with her ok.	Likes EB even though he can be a bit flash. Kinda admires his laddishness but also knows he's never going to be like that. Never going to be best pals with EB but deffo would be on the same 7 a-side team/group of lads down the pub/Magaluf sort of stuff

Extra Billy

Molly/George	Rat King	The Gruach	Heave Awa
Fancies her, but also feels a bit bad about it, as she is vulnerable. Kinda wonders what her game is. Not getting any spark off MG tho, but reckons he probably could tho if he put his mind to it.	Top lad. Doing his best in a difficult situation. Can see RK fancies MG, but its also clear MG doesn't fancy RK back. Wonders about the dynamics between RG, TG and HA.	Likes TG, she looks after them all. Would still give her one, and not in a shamefaced way, would tell the lads, but not long-term and only if TG started it – wouldn't try it on, bit creepy. Knows that TG is a bit more than the nest domestic and sees that she and RK have a relationship with a different power dynamic than you would think.	Can tell HA's in pain and guesses its for someone. Fancies her (obvs) but realises there is no spark at all coming back from her.

Jamie McAllister	Heid the Ba	Fur Coat, Nae Knickers	Billy Big Baws
	Fancies the pants off HTB. If he had to rate all the women in the nest as to who he thought would be a top shag would have HTB No 1. Knows that HTB is the gal-in-control.	Fancies FCNK. If he had to rate his chance of a lumber with all the women in the nest, she's No 1. He reckons she deffo would in the right circumstances. Understands the relationship between the girls, that HTB is the Queen Bee and FCNK is her sidekick and orbits around her, even if everyone else sees them as an even twosome.	Top lad, dependable, good boy. Would get handsy with him in a pinch, would keep that from the lads tho, not blasting that about, but EB's no bigot, he likes a bit of it on the QT. Prefers chicks, mind, but... and it would muck up the work which does need to get done...
